

Historic Beauty! Effingham County

Come and drive the Effingham Scenic Byway that winds through the beautiful rural countryside. Explore the extensive trail of Historical Markers and learn about history from colonial times to the present. A lot of history has been made here. 20 minutes north of Savannah.

If you're lucky enough to visit in the Springtime, you can experience a Taste of Effingham or maybe take in the Olde Effingham Days Festival in Springfield where you can see how life was lived long ago. Explore our museums where history comes alive.

It seems like there is always something to do here. From fishing and kayaking to July 4th fireworks and activities to a Fall celebration of Effingham's Salzburger heritage, there are festivals from Rincon to Guyton. Take in the Salzburger Festival or the Effingham Oktoberfest.

There are also cultural offerings all through the year. Enjoy a performance by the Effingham Community Orchestra, Effingham Theatre, or Effingham Arts Council. There is even a project underway to restore the historic Mars Theatre.
